NUMBER 30

NORWAY, ME. FRIDAY, JULY 28, 1916

VOLUME XLVII.

#### Bicknell-Eisenwinter

On Saturday evening, July 22, a wedding, charming because of its simplicity, took place on the lawn at the home of Mr. and Mrs. E. F. Bicknell on Orchard Street, when their only daughter, Grace Bennett Kneeland was united in marriage with Mr. Edward Ernest Eisenwinter of Waterville, Conn.

At 7:30 p. m. the strains of Mendelssohn's Wedding March played by Maude Ellen Pike announced to the waiting guests the approach of the bride party, which proceeded from the house down through a pathway strewn with ferns and bordered with moss and white wood-land flowers to the rustic arbor formed by the arched boughs of a tree bending low over an arch of intertwining vines and white blossoms and lighted by electric lights gleaming through the foliage of the tree.

The officiating clergy, the Rev. Chester Gore Miller, the present pastor, and Rev. Caroline Angell, a former pastor of the first Universalist church of Norway, took their places in the arbor, while the groom and best man, Eugene Kneeland of Waterville, Conn., came through the arch from the rear and waited the bride party from the house.

First came the two little daughters of the groom dressed in simple white dresses with wide pink ribbon sashes and hair ribbons. Grace Eisenwinter as flower girl, strewn rose petals from her basket and Ruth Eisenwinter as ring bearer carrying a white lily with the ring in its golden head. Following came the maid of honor, Dora L. Kirwin of Concord, Mass., a friend of the bride since childhood. Very graceful was she dressed in a creamy white gown of crepe meteor, draped with pink tulle as she carried her bouquet of pink sweet peas. Then came the bride on the arm of her father, who gave her in marriage. Charming and dainty was the bride in her simple white tulle gown trimmed with white point de spirit and white tulle veil caught at the back of the head and held by the band of pearls encircling her head, as she carried her shower bouquet of white sweet peas, the groom's favorite flower.

In the quiet and hush of early evening broken only by the song of the whippoorwill, the ceremony was performed by Rev. Caroline E. Angell, assisted by Rev. Chester Gore Miller, the single ring service being used.

Mrs. Eisenwinter was christened by Miss Angell, taken into the church by Miss Angell and married by Miss Angell. The wedding was followed by an informal reception with A. J. Stearns and Carl E. Stone as ushers. A dainty lunch was served by Mrs. Eva Kimball, assisted by Mrs. Josephine Stone, Florence E. Bennett, Mrs. David Mann, Jennie Mann Kneeland, Hazel Foster, Bessie Chase and Alice Bartlett.

The many beautiful gifts were arranged in a room tastefully decorated with pink roses and lighted by pink candles. The decorations both within and without were in charge of Mrs. Bertha Mann Peterson, assisted by Mrs. Josephine Stone, Mrs. Jennie Mann Kneeland and Florence Kneeland.

Perhaps the prettiest event of the evening was the scattering of the bride's bouquet. The happy bride stood at the head of the group beneath the fine lace porch and tossed her bouquet into the outstretched hands of her maiden friends and then disappeared. Soon she reappeared clad in an effective traveling costume of dark blue cloth, amid showers of busied and well-wishes the bride couple departed in an automobile. They will spend their honeymoon in the White Mountains, after which they will make their home in Waterville, Conn.

Mrs. Eisenwinter is the only child of Mr. and Mrs. Everett F. Bicknell. She was born in Paris, but since she was three months old, has made her home in Norway, where she graduated from the High School. She was also graduated from Colby college in the class of 1902, and is a member of the Chi Omega Society. For three years she was an assistant in the Norway High School, for two years she was connected with the French Exchange of Boston and for five years she has been an instructor in the Perkins Institute for the Blind at Waterville, Mass. She has traveled extensively, both in the states and in Europe, where she was detained three weeks at Munich during the mobilizations of troops after the European war was declared.

It is interesting to note that with one exception, the refreshments and decorations for the wedding were in charge of her former pupils, while two of her pupils from Perkins Institute, Miss Ethel Layman and Miss Ethel Montgomery, were guests at her wedding.

Until seventeen years ago Mr. Eisenwinter made his home in Germany, where he was born. Since then he has lived in America and at present is consulting engineer for the American Brass Works.

Among the out of town guests were Mr. and Mrs. Frank Bennett and daughter, May Bennett, and Mr. and Mrs. Leslie Bennett of Paris Hill, Mr. and Mrs. Ralph Bennett and Mr. and Mrs. Fred Bennett of Brookfield, Mrs. J. H. Hamlin, Mr. Vincent Hamlin and Mrs. Lena Bennett of Woodford, Freda Knauff, a niece of the groom from Waterville, Mrs. Cora Gleason and Mrs. Vera Locke from the Perkins Institute for the Blind at Waterville, Mass., Mrs. Lester Horne and Miss Sayle from Fairhaven, Mass., Mrs. Julius Peterson from Wollaston, Mass., Mrs. Ralph P. Kneeland from West Somerville, Mass., and Mr. and Mrs. Carl E. Stone from Indianapolis, Ind.

Mrs. Walter Tubbs, who underwent a serious operation of a week ago, is comfortable.

Fred Moffatt of Dorchester, Mass., is with his family at the Moffatt cottage, at the lake.

Mr. and Mrs. Edwin Mann and son Lewis, Mrs. Cynthia Curtis, great-grandmother of Lewis Mann, Mr. and Mrs. H. R. Tully grandparents of Lewis Mann, Mrs. Abner Mann and daughter Mary, and Mrs. Harrington Mann all of West Paris were visitors of Mrs. Emma Mann Saturday. All four generations enjoyed the trip by auto and are all in good health.

\$100 was sent to the men about the 13th and before that could reach them Col. A. J. Stearns received a letter from Col. Hume of the Regiment saying all the companies of the regiment had received from \$300.00 to \$500.00, but Co. D and they could not receive more than \$100.00. Part of this money was intended for the men were without money and many needed articles, many of them not even having stamps to write home. J. W. Nash, P. E. DeCoster and Chas. H. Pike immediately got busy and sent \$200.00. Most of this money was intended for articles being purchased for the men i. e. ditty bags, gun bags and also for the families.

Many say "the government ought to do this." We heartily agree. Meantime while we are trying to bring the government to our views are we going to let these families suffer and these men go without ordinary comforts.

Towns are furnishing the families with the bare necessities of life and will ask them to reimburse them, but what about a little old spending money, postage, etc.

These men and families have done a big thing for their country. What are you doing? This appeal is meant not for Norway and Paris alone, but for all the towns around. Now friends wake up and send in \$25.00, \$10.00, \$5.00, \$1.00, anything, but be liberal. Think how it would be if it was your son, your friend, and remember when these men answered the call they went out for you and your family.

Send in your funds to F. E. DeCoster, Treas., Co. D Aid Fund, Norway, Me.

#### Mrs. Alice Shedd Frost

Mrs. Alice Shedd Frost passed away July 20th at the home of her niece, Mary Shedd with whom she has made her home the past two years, at the age of 87 years.

Mrs. Frost was born in Norway July 27, 1829, the daughter of Elias and Susan Shedd. On April 30, 1856 she was united in marriage to Robert F. Frost who died many years ago.

Mrs. Frost has been in feeble health for a number of years, having had two strokes. She is a woman who has made many friends and was beloved by all who knew her.

The funeral was held at the chapel at North Norway, Rev. H. L. Nichols officiating.

#### Supper Postponed

The supper and meeting of the Norway Merchants' Association which was to be held at Concert Hall Friday evening, July 28, has been postponed because of the hot weather and many out of town attractions only a very few were going to be able to attend.

#### Advertise or be a Back Number.

Henry C. Brown in an address before the Rotary Club of Philadelphia the other day made this statement:

"If you don't trade mark and advertise your goods, you won't get the value out of them that is theirs. The best advertising is through the newspapers. The combined newspapers in this city have a greater influence upon the 1,800,000 population than any other thing. The man who does not advertise is a back number."

He might have added that what is true of the city is also true of the country. The basis of all advertising is this: If you have something you wish the public to know use the cheapest and most effective way of informing them—the newspapers.

Mrs. Alfred S. Kimball is spending the week in Portland as guest of her cousin, Mrs. Harriet E. Houghton. She went with her son, M. L. Kimball, who was home for the day.

Prof. George Chase and family of Lewiston are at their home in Milletville for a few days.

Pearl Cook is to have the month of August for a vacation. Miss Cook has sixty pupils at present.

Twenty-five cutters of the Carroll Jellerson Shoe Co., took a day's outing Saturday at the Hosmer cottage at the lake. L. M. Carroll was the guest of honor. The dinner which was served, consisted of cold meat, baked potatoes, string beans, cucumbers, green peas, pies, doughnuts and coffee. They passed the time with bathing and games.

The proceeds of the food sale cleared by the Y. P. C. U. of the Universalist church was \$8.00. This amount is to go towards the piano fund.

Mrs. Ralph Kneeland who has been visiting her mother, Mrs. Emma Mann, returned Monday to her home in West Somerville.

Mr. and Mrs. Merle Hathaway of Providence, R. I., are spending a week with Mr. Hathaway's father, George Hathaway.

Mrs. George Hathaway, who has been confined to the house for the past three weeks is still unable to go out.

#### Our New Street in Progress

The excavation of the old street in preparation for the new one was begun Tuesday morning. The work was commenced at Danforth street on the side of the car track nearest the post office and is progressing up toward the head of the street on that side. The excavation is about 15 inches deep and the material taken out is being hauled away in teams and at present being used in filling in and grading up Greenleaf avenue. The new curbing that is being put in sits some three or four feet from the curbing of the sidewalks and will be the boundary of the new street. This curbing is being laid to make a straight line from Bridge street to as far down the street as the present appropriation will carry the work. The space between the two curbing will be graded and sown with grass seed, making an artistic border that will be pleasing to the eye. This will leave a street proper 45 feet in width every inch of which will be free for utilization.

We understand that the outer curbing will have a facing of 7 inches above the street.

The stone crushing apparatus has been hauled up Pike's Hill to Eben Shackley's where the rock for foundation will be collected using a stone fill there and other material near. A tan horse team was required to haul the sifter up the hill. The local men employed on the street at present are: W. J. Smith, Al Everett, Bell Trueman, W. E. Everett, N. W. Green, R. L. Kerr, L. A. Miller, Chas. Smith, E. H. Bear, Geo. Jacques, W. Hubbard, Jessie Brown, C. F. Henry, Walter E. Henry, Leon Thompson, P. V. Haskell, J. A. Klein, J. P. Bolster, A. A. Bird, A. Blouin.

This list includes owners of teams working on the job.

#### Mid-Summer Sale a Big Success

Wednesday afternoon the home of Mr. and Mrs. Fred H. Cummings was the scene of a profitable and pleasing occasion, when the Ladies Circle of the Congregational church gave a Mid-Summer Sale under the direction of Mrs. H. J. Jones who had been appointed by the Circle to raise funds during the month of July.

The fancy work booth, in charge of Mrs. A. J. Stearns, was on the lawn in front of the house. The booth was built in the form of a circular counter with framed openings above and below which were handsomely twined with evergreen and flowers. The articles of fancy work on this table represented weeks of work in preparation, and sold at good prices.

The food table in charge of Mrs. H. J. Swett and Mrs. John Swain extended the length of the dining room and was loaded with such appetizing cookery that it was sold bare in an incredibly short time.

The prettiest scene of all was the table where the exquisite linens, silverware, glassware, etc., were displayed. Mrs. Dora Beal, with able assistants, invited the thirsty visitor to sit and taste of the delicious sherbet.

Here one was in a veritable Garden of Eden. Besides the usual twining of vines and flowers, there were garden flowers always abundant about the piazza and grounds, large jariniere were filled with several varieties of wild flowers placed about the piazza and grounds. Overhead were suspended Japanese lanterns, gaily colored paper lanterns and streamers, and to the walls and piazza posts were fastened the curious Japanese and paper fans.

As one sat and tasted things pleasing to the palate and saw things gratifying to the eye, one was entertained by a musical program by Geneva Barlow and lasting throughout the afternoon. Those taking part in the program were: Piano selection.....Earl Thibodeau  
Violin solos.....Clara Shepard  
Violin solos with accompaniment.....Azola and Esther Pike  
Piano selections.....Daisy Chase  
Piano duets.....Geneva and Marjorie Barker  
Vocal solos.....Marjorie Barker

It was an ideal place to spend a warm summer's afternoon and many people took advantage of it, and the Norway people, but those from Paris Hill, Oxford Waterville, and Andover as well.

All of the departments were well patronized and the receipts of the afternoon approximated \$115.

#### Co. D Man Drowned

Private Renben L. Harding of South Paris, a member of Company D, was drowned on Saturday, July 22 at Laredo, Texas, while in swimming. His remains will be sent to Canton for burial at North Turner. He has a sister, Mrs. Emory Jordan at South Paris. This is the first death occurring among the militia men sent to the border and by a strange coincidence Company D was the first company to lose a man in '98 by the death of Captain Frank T. Bartlett.

#### Returned After 43 Years

Mr. and Mrs. George P. Thomas of Orono, Nebraska are spending a few days in town. Mrs. Thomas is the daughter of B. G. Holt, known as Graham Holt, who lived at Norway Center.

Thirty-three years ago Mr. Holt and family moved west, when Mrs. Thomas was a girl 7 years of age and this is her first visit east. They spent the day Wednesday with Mrs. Thomas' cousin, Ed. Hobbs and family and visited her early home.

The Y. P. C. U. of the Universalist church held a lawn party on the church lawn Tuesday evening for the benefit of the piano fund. The lawn was prettily decorated with electric lights and Japanese lanterns. Marion True sang two solos and music was furnished by Stephen Cummings' violin, ice cream, sherbet, and cake were for sale from which about \$6 was realized.

An afternoon tea was given Tuesday afternoon at the home of Mrs. Fred Brown on Oregon street in honor of Mrs. Leona Stuart Wheaton, who will soon return to Bridgeport, Conn., where she has charge of the Home for Little Wanderers. The other guests present were Ethel Crockett, Mrs. Ralph Butts, Helen Mary Rice, Mrs. Stanley Wheeler, Mrs. James Owell, and Mrs. J. Harry Stuart of Paris, and Geneva Barker and Mrs. Roy Pratt of Norway.

## Perfect Confidence

Norway People Have Good Reason For Complete Reliance.

Do you know how—  
To find relief from backache;  
To correct distressing urinary ills;  
To assist weak kidneys?

Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many tests.  
Here's Norway testimony.

Mrs. Joseph A. Woods, Bridge St., Norway, says: "Doan's Kidney Pills have certainly proven very fine in our family. One of the younger members has been cured of bed-wetting by Doan's Kidney Pills. As for myself, I occasionally use this medicine and always get prompt and beneficial results today as when I first took them. My confidence in Doan's Kidney Pills is as strong as ever and I gladly give you permission to use my recommendation."

## NEWS FROM THE BOYS AT LAREDO

Co. D, 2nd Maine Infantry, Laredo, Texas.

Norway Advertiser:  
Sir: I am sending you a few lines so as to keep the people at home in touch with the Boys on Service, Sergt. Major, Donald F. McGrew, is too busy to write.

Some changes have occurred in Co. D of Norway since the Regiment's departure for the front. Sergeant Major McLeary who has been Regimental Sergt. Major of the 2nd Infantry, has been appointed 2nd Lieutenant of D Company in the place of Charles A. Pike, who was medically disqualified for service. This arrangement had been considered before the election of 1st Sergt. H. G. Fleming for that post reached headquarters, as it was the high hopes of the men of the Company to have him as their 2nd Lieutenant.

1st Sergt. Fleming has since been offered a commission in Machine Gun Company, as 2nd Lieutenant, by Colonel Hume, but which the Sergt. declined with thanks, stating he would not leave his own men. Colonel Hume admired his loyalty to the men of Co. D.

Corporal Donald F. McGrew has been appointed to the rank of Regimental Sergt. Major and will be on the non commissioned staff at headquarters, Laredo.

Sergt. John Wilson is in receipt of a long and pleasing letter from Captain J. Waldo Nash of Norway, by which we learn, the Captain has kindly interested himself on behalf of the Norway Company, in that he is raising a fund to help the boys get the much needed necessities, such as: cigarettes, soap, newspapers, etc. already mentioned in Sergt. Major D. F. McGrew's letter of last month to the Advertiser, and which were never more needed than now, being almost a month on the sun baked, bug infested, border land.

1st Sergt. Fleming read Captain Nash's letter to the men. The glad news were received with three hearty cheers for Captain Nash and three more for the people of Norway. The men went to their tents, seeing visions of the much needed good things, and are living in pleasant anticipation.

Captain Moses P. Stiles is Commanding Officer of Co. D, in the place of Guy F. Stevens, who was also medically disqualified, much to the regret of the non-commissioned officers and men.

The health of the men is fairly good, sickness being of a minor nature only, and are rapidly becoming acclimated.

Sergt. John G. Hickey.

Laredo, Texas, July 19, 1916.

Dear Sir:

I received last week's Advertiser which contained a copy of one of my letters, and wish to make an explanation of the statements which might have given the readers the impression that we are camped in a dangerous position. This is not so. I refer to "the exchange of shots by the U. S. troops and Mexicans," "the hundred pieces of Mexican Artillery across the Rio Grande," and "the shooting of two Mexicans by U. S. Regulars." I wish to say that these were rumors that were floating about camp at that time.

I was talking with a Regular from the Ninth a few days ago and he said that the shots that we heard were exchanged by their guards and a few stray Mexicans whom they call "Snipers." He also informed me that the Regulars in the Ninth and at Fort McIntosh very seldom say anything outside about their "fix" with the "Snipers." The other two statements to which I referred were partially true.

The Maine boys are standing the intense heat better than they were expected to. Of course the Hospital Corps is called upon many times during the day to revive those who have prostrated, but this is nothing serious. After being revived they are usually able to go back to work in an hour's time. Some have to lie down on their cots for the rest of the day in the shade. The next morning they feel as well as they did before their prostration.

The Third Battalion of our regiment left about a week ago on a sixty mile hike to Zapata for patrol duty on the border in that part of Texas. This is to relieve the Regulars who have been there a long time patrolling the border. Co. E, from Dover, Maine, left a few days ago for Webb to guard one of the long railroad bridges which we passed over on our way to Laredo. Our Second Battalion has gone to Dolores to patrol the border and also to guard a ranch in that vicinity which, I understand, was raided a short time ago by a band of Mexican bandits. Dolores is about thirty-five miles from Laredo. Charles Swift, a former Norway boy, is in this Battalion. The First Battalion leaves in the morning for San Ignacio, leaving here at Laredo the headquarters, Machine Gun Company, and the 2nd Regiment Band.

I might say that Corporal McGrew has been assigned the position of Regimental Sergeant Major, filling the vacancy left by Mac O'Leary, who is now 2nd Lieutenant in Company D. The length of time that the 2nd Maine Regiment will remain on the border cannot be stated. Nobody knows.

Just a word about the city of Laredo. The population of this city is between 15,000 and 20,000, three-fourths of which are Mexicans. We have been down town many times since our arrival and have found it to be a different type of a city than those of New England. In the center of Laredo there are two "plazas" where the people sit and lie around in the shade of the trees during the hot part of the day. At home we would call these places "parks."

The different Military Bands that are now camped at Laredo give two or three concerts a week on the "Plaza." We have found it difficult to trade in some of the stores in the city because very few of us know enough Spanish to carry on a conversation with the Mexican storekeepers. We have a lot of fun "joshing" trying to tell them what we wish to buy. In most of the stores the clerks are able to speak both English and Spanish. The buildings of the city are about one-fourth American and three-fourths Mexican in their style of architecture, the latter being the typical white, flat roofed buildings, which one often sees on Mexican photo-cards.

A few minutes' walk south from the "Plaza" takes one down four or five narrow streets to the International Bridge which spans the Rio Grande and joins the United States with Mexico. We found this well guarded by U. S. Regulars, who are very strict about who can and who cannot come into the United States from Mexico and visa versa.

From here about a quarter of a mile up the river we could see the International Railroad bridge which was also well guarded by U. S. troops.

Yesterday, Tuesday, July 18, was a "sweater." At one o'clock in the afternoon I looked at a thermometer in the city and it registered 118 degrees in the shade. To-day is about as hot as yesterday, but there is a light breeze stirring, which helps us to endure the intense heat. I was sitting in Captain Stiles' tent the other afternoon at six o'clock, and during our conversation he took down his thermometer from the tent-pole. It registered 91 degrees: How many people of Norway would care to eat their dinner and supper with the thermometer at 118 degrees, and 91 degrees respectively? After sunset a stiff breeze comes up from the gulf and lasts throughout the night. It is certainly remarkable how cool the nights are after having such hot days. Speaking of the weather here in Texas—you know what a witty New York Senator once said, don't you? "If I owned both places, I'd sell Texas and live in Hell."

Sincerely yours,  
Private Harry S. Lasselle.

I want to say for the benefit of those that suffer with rheumatism, that for more than 20 years I suffered agony with rheumatism. I had several doctors and only got slight relief. In April, 1909, I was flat in bed with it and had been for some time when the Mountain Herb man called and persuaded me to try the Mountain Herb Treatment. I had no faith but I am glad I did, for it cured me and I have worked ever since. I gladly recommend this treatment for it has been 7 years and I feel fine now. F. L. CUMMINGS, South Paris, Me., Route 2.

In February, 1913, I had rheumatic fever and left me in bad shape. My shoulders were stiff and hands swollen. I was obliged to walk with two canes and was at first helpless. I could not feed myself. It was recommended to me by Will Lumbard of this place, who had been cured. The Mountain Herb Treatment cured me and I only took 6 bottles. It has been over 8 years and I have not felt the rheumatism since. Mrs. John M. Elden, Oxford, Maine.

The Neal Treatment pleases the high class busy man who is "drinking too much" because at the end of three days' treatment he returns to his usual work in splendid mental and physical condition with a leathery instead of a craving for liquor.

The Neal Treatment consists of harmless, vegetable medicines taken internally. Guaranteed no hypodermic injections, "bad after effects" or publicity.

Each patient has a private room in which all meals are served and medicine given. No pain or suffering caused by sudden withdrawals—on the contrary, the patient is given all the pure liquor or drug that he wants and as long as he wants it.

We invite you to come to the Neal Institute, located in Portland's finest residential section at 147 Pleasant Ave. Phone 4216, Woodfords Station, Portland Maine, holding this advertisement as our agreement that no charge will be made, unless you are entirely satisfied at the end of three days' treatment, or call, write, wire or phone as above for full information.

Office Clothes and Others.  
"I overheard an interesting conversation at the little home restaurant where I take my dinner," a woman once told me. "The next table to mine a girl student and a woman who is in a large manufacturing concern usually take their dinners. They are just chumme acquaintances, but I have seen and enjoyed the protecting way that the older woman has looked after this girl. The girl has been going to business college and today it appears she applied for her first position and secured it. She was telling about the experience tonight and when she was through her friend inquired of her, 'Did you wear this necklace when you made your application?'"

"Why yes, don't you like it?" the girl exclaimed, putting her hand to her throat and gently touching the pretty little pendant that hung from a gold chain.

"The woman nodded slowly. 'I like it very much for dress up, but not at all for the office and now let me tell you why.'"

"And then she explained clearly and sensibly that the dainty little gold chain with its one small diamond and seed pearls, was out of keeping in this new world where the girl had today made her appearance. She cautioned her about wearing her fancy pins, or more than a simple ring, if she wished to wear any at all; to replace the ornate back comb for her hair with a plain one; and to remove the long, double watch chain which would be continually catching in her dress."

"And the bracelet, too, she gently recommended, 'should stay at home during business hours.'"

"The young girl looked a trifle dismayed and disappointed, too, but her friend soon showed her the wisdom of dressing well, but not plainly, in the office, and then putting on a different frock when she reached her boarding place."

"I wear out my summer dresses winter evenings at home," she told the girl, "and it makes a good change for me to get into daintier and lighter things in the office. You will soon get so that you can plan to always look
